One is partly behind the store, one is near a small building in the rear of the lot and one is at the side of the store; one is converted into a portable hotdog stand whech he takes to fairs or carnivals, but is parked in line with the store when at home. Report of Mr. McGonigal - Comparison in Assessments:

COMPARISON IN ASSESSMENTS

As of May 1, 1968 the assessment of all real property including special franchise and state properties and exclusive of veterans' exemptions totaled $11,317,085. Dividing that by 35 (the state equalization ratio at that time) would indicate a true value (according to our assessors)of $32,334,528.

As of May 1, 1969 the assessment total for these properties is $35,359,054. Dividing that by 80 would indicate a true value (according to the United Appraisal Company and our Assessors) of $44,198,817.

Total assessments of properties owned by Garlock Inc. within the Town and Village of Palmyra compare as follows:

	Total Assessment Garlock Inc.	% to total assessment for all properties
As of May 1, 1968	$2,852,500	25.20%
As of May 1, 1969	$3,989,612	11.28%

The appraisal of the Garlock main plant made by the United Appraisal Company was quite close to the figure calculated by the New York State Board of Equalization. This proved that the Town had been assessing the Garlock main plant at a figure higher than 35% of its true value.

Hansen and Colby of a Rochester law firm retained by Garlock. The suit is now scheduled for the September Special Term of the Wayne County Supreme Court. HUTTER TRAILER PARK

Mr. McGonigal read a letter from Mr. and Mrs. Bulkley of Marquart Mobile Manor asking for permission to leave his trailer where now located until next March. Location is in violation of the ordinance and needs to be moved six feet farther away from the lot line. Discussed in general terms appointments that the Town Board would have to make next January.

HIGHWAY EQUIPMENT DISCUSSION

Mr. DeBrine brought up the need for new highway equipment to replace old equipment in need of extensive repair. Board in general agreement that a grader should be obtained. Biddinn for a new truck was deferred until later this year when the Board has estimated the 1970 budget. firm of Harnish & Lookup stated that there are 20 acres in this site of which 9 acres are for the park development, percolation tests taken show good percolation, he pointed out that they plan to develop 10 units a year which will be inspected by the New York State Department of Health as installed and then inspected periodically thereafter, electric lay-out as required by town by means of under ground to service each park unit. He also presented a statement from the Newark State School Laboratory showing that the water is of satisfactory quality from sample collected from a drilled well.

Wayne Harris, attorney representing the people objecting to the Park then spoke. He introduced Frederick S. Koefe, professional licensed engineer . Mr. Keefe pointed out that two test pits were taken of the soil on the Adams property and that this soil is typical of that that exists on the Years property - medium gravel to small fraction of clay, thus drainage would be slow because of its density, Sub surface conditions could be worse in the spring of the year causing the rising of sewerage to the surface in wet weather. He further stated that the present condition of the South Town Line Road is poor and with additional traffic from the park, conditions would be worsened.

Mr. Housel, real estate broker was then introduced. He pointed out that this property is now in agricultural district and that this land could be used for many purposes but the highest and best use would be single family dwellings and that the park would depreciate the value of this area because of a commercial operation.

Dr. Morton Adams spoke next. He presented the Board with a petition signed by 43 names opposing the park.

Attorney Harris summed it up by requesting the application be denied based on the following two reasons - 1. Variance was not sought and 2. No offer of hardship was offered.

The following people in the audience requested to go on record as favoring the park: George Contant, George Perez, Ralph Harper, Mr. Amesbury, Arthur Young, Orville Marquart, Doyle Denosky and Mrs. Audrey Fadley. Meryln Schuddt stated he would rather stay neutral but in the two years that Mr. and Mrs. Years have lived there, they have done nothing but what is good.

The following opposing: John and Judy Blazey, Bruce Wedeman, Donald Vair and Joseph Wizeman.

After all persons were heard that desired to be heard, Supervisor closed the hearing. Mr. White moved the application be granted, seconded by Mr. LeRoy

Vote of the Board taken resulted as follows:

Mr. Pierce	No
Mr. LeRoy	Yes
Mr. Baran	Abstained from voting
