REPORTS OF STANDING COMMITTEES

Supervision: Animal Control, Human Resources, Justices, and Finance:

- Supervisor Gary Rose

1. Supervisor's Monthly Financial Report: The Supervisor has received the Bookkeepers monthly financial report for April 2025, which he also shared with the board.

2. LaBella: Met with LaBella, things are moving along, and LaBella was authorized to send out bid packets early in May 2025, to be returned by mid-June, 2025. There was a meeting between our engineers and construction companies to answer any questions before they submitted any bids. The bids were to be opened on the 5th of June, and a few contractors went to look at the property. Now we anxiously wait to hear the figures.

3. Changes in Employee Medical insurance: It is now time for open enrollment for employee health coverage. With the costs of healthcare rising about 15%, Petra and Gary met with our healthcare broker to

research options that would not only give comparable coverage but may even lower rates and save the town money. Information was provided to the employees for review, and we will be discussing different options including HRA accounts with our eligible employees on June 4th. Any questions at this time should be directed at Petra or Gary.

4. Scotts Clean Cut Property Maintenance: “Scotts” is willing to continue the contract as they took over the route of the previous company. We have changed the terms. The Church St Cemetery Hill will now be mowed every other week at \$125 per cut.

Public Works: Highway Department, Equipment and Facilities:
-Councilman James Welch

1. Highway Department Report for May:

Other miscellaneous items include:

- **Mowing** - Chris Bratt started back with us on 5/6/25. He has currently mowed all the northern half of Town and hopes to finish the south side next week, thus completing one round of mowing on our Town Roads. Then he will start mowing County Roads before starting back around the Town.
- **CHIPs/PAVE/EWR/POP Funding** – The NYS 25-26 Budget has finally passed and we are receiving a \$50M increase to our CHIPs portion! Last year we received \$172,304.29. This year we are getting \$189,532.88, an increase of \$17,228.59. We will be receiving similar annual funding amounts for our PAVE, EWR and POP transportation program funding.
- **Inspections:**

Several culvert pipes at either end of Jeffery Road were problematic. WC Soil & Water met with us on 5/14 to review drainage issues here.
- **Vault Road Project** – All this month we have been getting Vault Road ready for a recycle project. This past Tuesday, on 5/20, Suit Kote ground-up and re-paved the road. Sometime in June we intend to finish this job with a stone/oil surface.
- **Parts Room Roof** – On 5/16/25 it briefly rained hard, and we experienced a leak in our parts room. Upon investigation we needed to reseal the flashing between the parts room metal roof and the main shop rear wall.
- **Waste Tires to Nucor Steel** – during the first full week of May we commenced to cleaning up our lower lot brush pile, spoil dirt pile, scape metal, C&D pile and pile of old tires. Through the assistance of Wayne County Soil & Water, we loaded up 2 10-wheeler loads of old tires found along our roadsides and took to Nucor Steel in Auburn. A total of 240 tires were taken!

Any questions, comments or concerns I will be glad to answer.

Councilman Pipitone asked what was happening to the Maple Ave shoulders. Mr. Boesel said they were getting ready to surface treat and clean the culverts to make sure the water gets off the road. Councilman Welch explained to the students in the audience how littering takes up valuable and expensive time from our highway department.

Human Services: Town Clerk, Archives, and Town Hall Facility
- Councilman Bradley Cook

1. Town Clerk's Monthly Financial Report: The Supervisor has received the Town Clerk's Office monthly financial report for April.

2. Town Clerk Report for May:**TOWN CLERK OFFICE REPORT
APRIL & MAY 2025**

With the new law in effect requiring an enhanced license to travel even domestically (if you do not have a passport), our office has been very busy issuing certified copies of marriages which are required to prove identity to obtain one.... yes, even if you already have a driver's license!

Through dog licensing in March 2025, we sold 142 licenses totaling \$1,144.00, misc sales, marriage licenses, hunting/fishing, vital record requests, EZ-Pass, zoning, escrow deposits etc- added an additional \$3,075.26. Total check disbursements for the month of March were \$4,219.26.

Through dog licensing in April 2025, we sold 69 licenses totaling \$570.00, misc sales, marriage licenses, hunting/fishing, vital record requests, EZ-Pass, zoning, escrow deposits, etc- added an additional \$6,717.39. Total check disbursements for the month of April were \$7,287.39. As always at this time of year, we have had an upswing in marriage licenses issued!

Thank you to the WC Health Department, we now have the Tick Removal Kits once again. Supplies are limited, so we do ask to limit them to one per family.

I attended the 43rd Annual NYS Town Clerk Association Conference in April, in Albany, NY. I was able to participate in numerous classes, which is very helpful as there are so many changes in NYS law and how these topics are handled. There were major changes from the February AOT meeting that I attended to the NYSTCA meeting in April! I was very happy that Amanda received a partial scholarship and was able to attend the "New Clerk Track".

We will be hosting the Wayne County Town Clerks Association meeting here on June 11th, at noon. As Vice President of the Wayne County Association, one of my duties includes inviting various speakers to join us each meeting. This June, Mindy Robinson from the WC Board of Elections will be our guest speaker, and will discuss the rules, regulations, many changes in schedules, and requirements for elections.

I am working with the webmaster to obtain a .gov website for the town as that new state law will take effect in December. We already have the required information on our website, and after speaking to the IT Director at Wayne County, it seems we are in much better shape than most towns and villages! Having a .gov will make the process a little more expensive as we must buy that .gov URL, but Mr. Ury feels we should be able to redirect from .gov to our existing site. He is going to check with the .gov host that the county uses to see if there is a deal to be made if many towns utilize the company they use. More to come as we find out. I really hope that works or all cards, letter head, brochures, etc will need to be changed!

As always, please feel free to contact me with any questions.
